## OLDFIELD ENTERS SENATORIAL RACE

### FIVE MAY SEEK TOGA

DONAGHEY, KIRBY, CLARKE  
AND POWELL LIKELY TO  
ENTER CONTEST.

Little Rock, Aug. 20.—An unexpected entry in the senatorial race, came from under cover Tuesday afternoon, when it was authentically stated that W. A. Oldfield, congressman from the Second district of Arkansas, would be a candidate for the toga.

Former Governor G. W. Donaghey has definitely announced that he is to be a candidate, and Associate Justice W. F. Kirby of the Supreme Court, has made equally as emphatic announcement. Smead Powell of Camden is a prospective candidate. The friends of Congressman Oldfield, state he will positively be a candidate if three enter the race.

## That The Power of Money

in making more money is the secret of getting rich is generally admitted.

The average so-called "saving deposit" is only \$400—yet this \$400 represents 6 per cent interest on nearly \$7,000 for a full year. As the most of these accounts were started with a deposit of one to ten dollars and gradually increased to their present size, doesn't it seem that YOU can do fully as well as others? Make up your mind to DO IT—then it's merely a case of application. Your earnings are as large, or larger, than those of the average depositor referred to, only—you haven't been banking your money.

Come in and let us tell you some other reasons why you should have a bank account with the

CANVASS FOR STUDENTS STOPPED BY LACK OF ACCOMMODATIONS FOR GIRLS.

With more than enough applications from young lady students to fill all available accommodations in the college home, President J. W. Conger has discontinued the canvass for Central College and is now devoting his time to the supervision of improvements at the college and an effort to provide extra quarters for the students. In the main building only 90 boarding students can be accommodated and in residences under the direct supervision of the president and faculty accommodations for about 30 more have been provided.

The erection of large sleeping porches, which is now in progress, will increase the capacity of the building by about 15, as the young ladies who desire to sleep in the open air may use rooms jointly for the purposes of study. This will mean a total of about 135 boarding students in the college, in addition to such as may prefer to board in private homes and the day students from the city. Dr. Conger expects an enrollment to reach fully 200 early in the session, against 185 enrolled during the entire session last year.

"At least 50 more students could have been secured if we had rooms in which to accommodate them," said Dr. Conger today. "Although the canvass for students was discontinued nearly three weeks ago, we are still daily receiving application for rooms. We are advising these applicants that they can probably be admitted, as there are always some who engage rooms and find it impossible at the last moment to enter college. I feel sure, however, that the building will be filled to its capacity the first week of the session, and students can then be admitted only when vacancies occur. If our plans materialize, we shall be able with additional buildings next year to care for a much larger number of students, and I regret very much that these buildings could not have been provided during the present summer."

Central College is a place of much activity at present, a large force of painters, decorators and other workmen being engaged in putting the entire building in readiness for the opening, September 16. Many of the rooms are being repainted and papered and provided with new furniture, and the entire building is undergoing a general house-cleaning.

## TWO JURIES COST COUNTY \$1,552.40

County Judge J. W. Holt has just made an order allowing the per diem and mileage of the grand and petit jurors who served at the July term of the Faulkner circuit court. A total of 120 men served on the petit jury, their pay amounting to \$1,137.00. The grand jury cost \$414.80, making the total cost of both juries \$1,552.40.

## THREAT HOPES TO ESCAPE GALLOWS

## A :-: Business :-: Proposition

If you have a business proposition to which a conservatively managed bank can lend its support, come to the Faulkner County Bank with it.

While this bank does not contribute fixed capital to business enterprises, there are various ways in which it can aid in their wholesome and sound expansion.

An interview with our officers will determine how far this bank can go in developing a good business proposition.
